INDEX

Acetonuria, Post-operative. M. Rabinovitch (Abs.), 150
Acetylene Anaesthesia. O. Mallebrein (Abs.), 150
Adrenals, The, as Dominant Factors in Tissue Respiration, and their Bearing as Such upon Anaesthesia. Charles E. de M. Sajoux (Abs.), 39
Alpha-lobelin, 143
Alpha-lobelin as a Respiratory Stimulant. Herbert S. Reichle (Abs.), 100
Alpha-lobelin, Resuscitation with. O. Hofmeister and H. S. Reichle (Abs.), 152
Aspiration. Experimental Study. Willis S. Lemon (Abs.), 188
Anaesthesia in Diabetes (Orig. Art.), I. M. Rabinovitch, 21
Anaesthesia, Some Relations of Metabolism to Premedication and, (Orig. Art.), E. J. McKesson and F. W. Clement, 33
Anaesthesia and safe operating, observations on blood and tissue chemistry in relation to. Henry M. Feinblatt (Abs.), 147
Anaesthesia, Research on a new method of general. Fredet E. Perlis (Abs.), 262
Anaesthesia in the presence of a medical disease complicating surgery. E. E. Allgeyer (Abs.), 148
Anaesthesia at Lahey Clinic, Boston, 161
Anaesthesia, Local, the Present Status of. Robert Emmett Farr (Orig. Art.), 68
Anaesthetic Reflections. Elie Faure (Abs.), 104
Anaesthetic gases, Experiments with. W. Easson Brown, *et al* (Abs.) 147
Anaesthetic? Shall I fear. Floyd T. Romberger (Abs.), 190
Apnoea, dyspnoea and cyanosis in relation to Anaesthesia. M. S. Pembrey and F. E. Shipway (Abs.), 196
Book Reviews :—
The Technique of Local Anaesthesia. Arthur E. Hertzler, 37
Medical Education. Simon Flexner, 37
Blood-pressure, Evaluation of cardiac efficiency by study of. M. A. Mortensen (Abs.), 147
Blood-pressure in major surgery, The value of. R. Stuart Adams (Abs.), 189
Borocaines, The. A new class of local anaesthetic. A. J. Copeland (Abs.), 105

Boyle Apparatus, Latest improvements in. 204
Bibliography, 107, 162
Bibliography, 212
Biophysical Standpoint, Anaesthesia from the. E. A. Tyler (Abs.), 147
Caffeine, The action of, upon the meninges. E. Chauvin (Abs.), 156
Chat with our Subscribers. (Ed.), 1
Carbon-dioxide as an aid in general surgery. John S. Lundy (Abs.), 187
Carbon-dioxide, Respiration in anaesthesia control by. Yandell Henderson (Abs.), 151
Carbon-dioxide, De-etherizing with. Ethel Righetti (Abs.), 105, 150
Carbon-dioxide in Anaesthesia. S. R. Wilson (Orig. Art.), 112
Caudal anaesthesia, Respiratory paralysis following. D. C. Elliot (Abs.), 150
Cardiac reserve, and its relation to Surgery. T. H. Deaver (Abs.), 149
Cerebral Haemorrhage during Local Anaesthesia. W. J. McCardie (Orig. Art.), 119
Coagulation-time of the newborn, The effect of gas anaesthetics used in labour on the bleeding and. Heyworth N. Sanford (Abs.), 191
Chloroform, Death from. Mariotti (Abs.), 202
Chloroform poisoning—thymus and thyroid glands Pistocchi e da Re (Abs.), 201
Dislocation of the lower jaw, Setting of, after an injection of a local anaesthetic into the alveolar musculature. O. Wiedhopf (Abs.), 200
Eau de Cologne before the administration of a narcotic. E. Gohrbandt (Abs.), 199
Ether-oxygen mixtures, Inflammability of, 206
Ethylene as an Anaesthetic, The present status of. C. Langton Hewer (Orig. Art.), 174
Ethylene anaesthesia, with report of experiments in administrations. H. A. Thompson (Abs.), 148
Ethylene chloride, methylene chloride and other mixtures, Narcosis by, D. M. Rossiysky (Abs.), 151
Ethylene-oxygen, Administration of. John S. Lundy (Abs.), 101
Ethylene, The influence of, upon respiratory exchange, blood-pressure, etc. J. J. Bouckaert (Abs.), 192
Ephedrine, The effect of, on experimental shock and haemorrhage. K. K. Cohen (Abs.), 154

Epidural Anaesthesia in surgery of the genito-urinary tract. (Abs.), 195

Epidural Anaesthesia. J. L. Bisquertt (Abs.), 203

Explosion of Anaesthetic gases. A method for the control of electrostatic conditions. Isabella C. Herb (Abs.), 188

Ether, A new. (*Brief Item.*) 31

Ether in operations of the lung, Administration of. Mark Lidwill (Abs.), 191

Eye Troubles and Anaesthesia. Joseph Blomfield (Orig. Art.), 67

Furnane, The physiological action of. Elizabeth M. Koch (Abs.), 154

Congress of Anaesthetists, A. Correspondence, 89

Great Discovery, The Advent of a. October, 1846 (Orig. Art.), Dudley Wilmot Buxton, 56

Gas and Sudden Collapse. Correspondence. 90, 144, 145

Gas and Oxygen Anaesthesia in Relation to its safety to the Patient. J. Ross Mackenzie (Orig. Art.), 122

Helium-oxygen Atmosphere in Diving and Caisson Operations, The Value of. R. R. Sayers and W. P. Yant (Abs.), 38

Hickman, Henry Hill. Dudley W. Buxton (Orig. Art.), (Photo), 165

Hydrocarbons, Studies of the Physiological Action of some Unsaturated. Lloyd K. Riggs and Harold D. Goulden (Abs.), 41

International Meeting, An. (Edit.), 109

Insanity and Anaesthesia. Gilbert Broun (Abs.), 121

Insulin, Effects of, on patients after etherization and operation. L. F. Sise (Ab.), 151

Lawson Tait, A Pioneer in Certain Methods of Anaesthesia. W. J. McCardie (Orig. Art.), 76

Lobelin-Ingelheim. G. Schramm (Abs.), 197

Lobelin-Ingleheim, The importance of, in cases relating to narcosis, apnoea and collapse (Abs.), 198

Local Anaesthesia and Blood-pressures. L. A. Andrejew (Abs.), 150

Long, Dr. Crawford W. Portrait, Between 206 and 207

Morphine and Atropine, the results of experimental work with. Wilbur H. Haines (Abs.), 191

Meeting of Anaesthetic Section, Royal Society of Medicine. (Brief Item.), 31

Morton and the Malingerer. (Brief Item.), 65

Nitrous-oxide, Dry, The Chemistry and Physics of. Walter S. Crowell (Abs.), 42

Nitrous-oxide = acetylene = oxygen anaesthesia for Extraction and Oral Surgery. Aaron Goldman and Julius Goldman (Orig. Art.), 80, 133
Nitrous-oxide and Local Anaesthesia in Abdominal Surgery. P. K. Gilman (Abs.), 189
Nottingham Meeting, 211
Operation Shock and Anaesthesia in Gastric Surgery. R. Simon and R. Fontaine (Abs.), 102
Intra-cardiac injection of Adrenalin in Syncope. Tasso Asteriades (Abs.), 48
Intra-arterial anaesthesia, excision of the Perineal body of a Monkey under. J. P. Arland (Abs.), 101, 152
Propylene, The Action of. Bessie M. Davidson (Abs.), 153
Propylene, Studies of the physiological action of. Lloyd K. Riggs (Abs.), 153
Pulmonary Complications of surgery. Norman Gwynne (Abs.), 183
Regional Anaesthesia, some experiences with, in a surgical dispensary. Hippolte Wertheim (Abs.), 183
Sacral Anaesthesia. Minor Points of Major Clinical Importance. Gaston Labat (Orig. Art.), 5
Sacral Anaesthesia. Robert Emmett Farr (Abs.), 187
Sacral Anaesthesia. E. J. Ottenheimer (Abs.), 191
Scopolamin-apomorphia amnesia in Criminology. R. E. House (Abs.), 99
Scopolamin-apomorphia amnesia in Psychiatry. P. R. Vessie (Abs.), 100
Societies, Proceedings of :—
Scottish Society of Anaesthetists, Dundee, 43, 92
Royal Society of Medicine, 157
Society Proceedings, New York Society of Anaesthetists 207
Some Abstracts from an Old Book (Orig. Art.), 96
Somnifen in Labour. Schwarz-Krebs (Abs.), 149
Synergism, The alleged, of magnesium sulphate and morphin. Harry Beckman, 98
Spinal Anaesthesia, The technique of generalized. Thomas Jonnesco (Abs.), 193
Spinal Anaesthesia with Stovaine and Alypine. G. E. Vaquie (Abs.), 47
Spinal Anaesthesia, and sacral, in Urologic operations. Frederick J. Parmenter (Abs.), 98
Spinal Anaesthesia, Treatment of acute post-operative ileus by Tasso Asteriades (Abs.), 155
Spinal Anaesthesia, Blood pressure in relation to. W. Wayne Babcock (Abs.), 182

Spinal Anaesthesia. On upper vertebrae. I. J. Kowarski (Abs.) 202
Spinal Anaesthesia in intestinal occlusion. J. C. Rivas Morales, (Abs.), 203
Splanchnic anaesthesia. C. Langton Hewer (Abs.), 195
Static, How we can eliminate, from operating rooms to avoid accidents ? E. J. McKesson (Orig. Art.), 178
Status Lymphaticus 205
Thyroid Surgery, Anaesthesia for. Lincoln F. Sise (Abs.), 152
Toxaemias, Post-Anaesthetic. S. R. Wilson (Orig. Art.), 49, 126
Toxic Goitre case with Heart Failure, The Surgical, Medical and Anaesthetic Problems of the. F. H. Lahey (Abs.), 99
Regional Anaesthesia. Major Urological operations under. Oswald Swinney Lowsley (Abs.), 101
Surgical Risks, The Evaluation of. (Edit.), 110
Surgery of the bladder; Local Anaesthesia technique (Abs.), 185
Vomiting, Retching, Correspondence, 91
Urethane, ethyl, anaesthesia, The effects of, on the acid-base equilibrium and cell contents of the blood. Jas. A. Hawkins, and Jas. B. Murphy (Abs.), 187
Urologic Surgeon, The question of anaesthesia from the stand point of the. Oswald Swinney Lowsley (Abs.), 185
Vomiting, Post-narcotic, The prevention of. Eng. Sattler, (Abs.) 199
Vomiting, Somnifen and F. Van Tongeren, (Abs.) 201
